Get The Best ROOFING Experience

Our company provides you with the best value for money, quality roof installations, from the best roofing repair in Tulsa Oklahoma.

Our Company

The Combat Roofing business model is built, with a superior product that will lead to customer referrals. Combat Roofing may not make as much profit as the competition, but we will simply do more roofs. We feel that everyone wins under this model, our client gets an upgraded roof for the same price as the competition's basic roof, in turn, we get more business...it is truly that simple.

Our Goal

Our goal has always been about being the best we can be. It's about personal commitment and community ties. It's about exceeding expectations. It's about creating a team of customers, employees, and suppliers all working together to make a better product, develop stronger relationships, and create new and higher benchmarks for success. Our goal is 100 percent customer satisfaction. And we empower our staff to make it happen.

Residential Roofing

When bad weather strikes the Tulsa area, your roof is the first line of defense against the elements. As such your roof frequently suffers the most damage after inclement weather.

We provide free no obligation estimations and we specialize in recognizing weather related damages. We are committed to honesty in all of our assessments and will never lie to our customers about damages. Our talented team of roofers will carefully inspect your roof and meticulously look for the damages the untrained eye may not be able to catch.

Roofs We Install & Repair

Slate Tile Roofing | Shingle Roofing | Metal Roofing | Stone-Coated Steel

Commercial Roofing

Having a commercial roofing maintenance program is crucial for keeping the roof on a building in good condition. The climate can be extreme and unforgiving here in Oklahoma, so it's important to make sure that your commercial roof is sound and performing at a high level. We help to ensure the safety and value of your commercial property by offering roof maintenance programs that can be tailored to your building's needs.

Roofs We Install & Repair

PVC Roof | EPDM | Built-Up | MOD | Bitumen | TPO | Cool Roof

Roofing Repair

- Repair Service

Our talented team of roofers will carefully inspect your roof and meticulously look for the damages the untrained eye may not be able to catch. We understand how stressful your roofing repairs can be when they involve storm damage and we want you and your family to be sleeping peacefully under a solid roof as quickly as possible.

- Roofing Maintenance

The longevity of your home's roof can be increased through proper roofing maintenance. We are the trusted choice for residential roofing maintenance. We will be happy to assess your current roof and teach you about the proper roofing maintenance required by your roofing type.
